We have never before commended enterprises of this nature, from the fact that they are too often undertaken for purely speculative purposes, and managed by unprincipled parties who inipose on public creduity. In this instance the facts are quite the reverse. Mr. Sortitemden's references are Mesers. F. W. Ames, J. T. Chase, R. D. Flotcher, J. T. Briggs, C. C. Duffield, and W. W. kingaland, gentlemen who are prominently known throughout the oil region. We have carefully examined the schedule and are confident there is nothing ficticious or unreal abou it. It is a matter of fact sale of usencumbered property at par'value, by an extensive plan of distribution among ticket holders to an unexeptionable entertainment, and does not in any conflict with the common or statutory

Our citizens generally understand Mr Critten den's object in this matter. He has built and furnished at an enormous cost the largust and best hotel in the oil region. In giving it his exclusive personal attention, and devoting his cu-tire capital to its success, it necessitates the suspension of his former business and the dispose of all other property. Every person interested in the reputation and prospertly of Titusville should appreciate the necessity of austoining an enterprise of this character The price of lickets is fixed at \$10 cach. More than half the ticket holders will receive gifts, and some of them will have abundant cause for rejoicing.
